

TikiLIVE HD Broadcaster with touchscreen

Designed to be completely plug and play, this broadcaster is quick to setup and ready to go LIVE. Simply plug in your broadband network, HDMI camera, DVR, or Switch and Tap the screen and start broadcasting.

These rugged units are ultra-quiet and come complete with mouse and keyboard.

There is no longer the need to rent a professional grade broadcasting machine as you have it all in the TikiLIVE HD Broadcaster!

Record to the local hard drive or to the cloud in Mpeg4 for fast and easy editing after your LIVE broadcast.
